

SnowEx Sand Pro 1875 Salt Spreader

FOR SPREADING SAND, THE SAND PRO IS THE ANSWER. PRECISE SPREADING IS ASSURED FOR SAND, SALT AND OTHER SNOW MELTING PRODUCTS. DESIGNED FOR 3/4 AND 1-TON TRUCKS.

- 12-volt Electric Drive/Transmission Sealed Unit - Assures low maintenance; no pulleys, no sprockets, no chains or belts!
- Dual Variable Speed Dial Controller - Allows precise spreading patterns and material feed with separate infinitely variable control of spinner and auger.
- Top Screen - Prevents larger frozen chunks from entering the hopper.
- Pivot Mount Optional - Allows complete access to the pickup bed
- QUALITY CONSTRUCTION - The environment in which a spreader works is corrosive and harsh. SnowEx products are made to reduce the number of parts exposed to the weather. That's why, on SnowEx Spreaders, you'll never find pulleys, sprockets, belts or chains! Hoppers are made of high-density polyethelene so they can't rust or corrode. Also, polyethelene is lighter in weight than steel.

MOUNTING KITS:

Standard Mounting Kit: None

NOTE: A Mounting Kit must be purchased separately for this Spreader.

Optional Mounting Kits:

RHT-185 Receiver Mount

PMT-175 Pivot Mount

OPTIONAL ACCESSORIES:

VBR-080 Vibrator Kit
